Sept. 29, 2009

The newsletter is available on the Valhalla Community School website.
Bus cancellations and notices are kept current on the website.

If your child(ren) are going to be away from school, please inform the office and the bus driver. Just a reminder, if you are arriving late, or picking up your child(ren) early, please sign them in or out at the office.

Please have items for the newsletter in by 11:00am Tuesday.

Friday, October 2nd is a regular school day for Valhalla Community School. We will have a four day weekend October 22nd.

Monday, October 5th is early closing. Students will be dismissed 30 minutes early.

Thank you to those parents who were available for the “**Meet the Staff and School Board**” opportunity. We recognize this is a very busy time of year in the agricultural community.

Driving safely in the schoolyard: Due to the increase in student population and the increased numbers of vehicles coming and going, the increase in bus usage, etc; **please exercise extreme caution** in the schoolyard and on the highway in front of the school. Students are being cautioned to stop, survey the parking lot and proceed carefully. Student safety is everyone’s responsibility.

Swim Program registrations were sent home two weeks ago. Please get your forms into the school office as soon as possible as we must get them to the Leisure Centre by October 21st. The swim **fee is \$50.00 per student**. This is payable **prior to** having the student begin the lessons. Cheques are payable to Valhalla Community School. If you are not able to pay in full at this time, please phone the school office and we can discuss an alternative.

Snacks and lunch- Due to a considerable increase in student population, it would be appreciated if you could send **prepared snacks** (ie. pop the popcorn at home, peel fruit, etc) as the recess times are short and students appreciate their break. Classroom teachers may be assigning microwave opportunities due to demand. It is encouraging to see students bringing food items from the four food groups (milk, fruit & vegetable, meat and grains) as nutrition, fitness along with a good night’s sleep play a critical role in the ability to learn. It is great to see so many students with reusable water bottles filled with water.
