

## **Board Highlights from the October 17, 2022 Meeting**

- The Board has appointed Director Reanna Stockman as this year's TAAPCS representative. Reanna attended the AGM in Leduc this past weekend.  
TAAPCS is The Association of Alberta Public Charter Schools, the provincial organization to which all charter schools in Alberta belong. Being involved in TAAPCS provides an amazing amount of support and advice for charter schools. Check out their website!  
<http://www.taapcs.ca/>  
"Working together to support choice and innovation in public education"***
- With the changes we've made to the transportation structure this year we will be looking forward to a detailed report in December on the effectiveness of the new procedures, maintenance schedule and cost effectiveness. Thanks to Therron Braseth, Jerry Shepelwik and Jenine Syme for their hard work on designing and implementing these important changes.***
- October through November are our annual financial audit months! We will be working to support our administration while they work with our accountant to complete the yearly audit!***
- Our next Board meeting is November 21, 2022 at 6:30pm. Feel welcome to attend in person as a guest observer or contact the office for a zoom link to join if you're interested in attending.***
