

Valhalla School
March 20, 2023 Board Highlights
&
AGM reminder!!

- **AGM!! Thursday March 30th at 7pm at the school!!**

The draft Bylaws that were sent out from the office earlier this month will be brought forward for approval by the membership.

If you want to be a community member and would like a copy of the Bylaws you can contact the school to have a copy sent to you.

If you would like to be or remain a community member there will be declarations to sign at the AGM to renew your membership. 😊

- Two Director seats are beginning new terms at the AGM. There is a candidate willing to fill one of the seats and we are hoping to find at least one more interested person who might like to join the board. With enough interest an election would be held at the AGM for the available seats.
- There will be a zoom link for the **AGM** however there will be ****no option this year for online voting****. This is because the bylaws resolution requires 70% approval and we have no reliable way to ensure we can engage the entire online audience to accurately count this vote.
- There will be NO increase in school fees this year, the Board has asked the administration to look into the student capacity threshold that in the future could allow the board to decrease school fees.
- April will be the Board's organizational meeting where we will elect a Chair and Vice Chair for the Board. We will also go through the Director orientation information and appoint members to our committees.
