

Directors nominees to be acclaimed at the AGM

On behalf of the Charter Board of Directors, who also serve as the Board of the Valhalla School Foundation, we are pleased to fill two of the board vacancies with enthusiastic and qualified candidates. Thank you to parents and other Foundation members for your support in nominating these individuals.

Penny Braseth: "I have a great passion for the school and want to expand our program and see our students excel" Penny has been a long time supporter and member of the school community and was a very active member of school council over the past several years until her daughters completed grade 9 last year. Penny has been part of ongoing and impressive fundraising for the School and the Foundation which she has cited a willingness to continue with. Penny has noted her conflict of interest with her husband being an employee of the school and commits to recusing herself of discussions or decisions based on his role. Penny will be beginning a 3 year term ending in 2027

Reanna Stockman: "I have experience and knowledge of the school and am dedicated to the promotion and expansion of Valhalla Community School." Reanna was our Kindergarten instructor and a valued EA for many years. After a career change a few years ago she decided to continue contributing to the school and became a Director in 2022. Her Director seat is up for reelection and she is willing to continue in this role. The Board is grateful for Reanna's knowledge of VCS, her knowledge of our programming as well as her impressive creativity and skills in communications and advertising. Reanna will be beginning a 3 year term ending in 2027.
